# about NAP

Incorporated in 1995, the National Association of Psychometrists is a professional organization dedicated to achieving excellence in psychometry. Our charter is to improve educational standards, establish a communications network & provide venues for professional networking among our members.

Since the beginning, NAP has had growing international support from its members, psychologists & neuropsychologists. Please help NAP further its development towards professional psychometric excellence and join today!

## membership **BENEFITS**

NAP membership offers many professional benefits for psychometrists:

- networking with over 200 fellow psychometrists
- exchange of relevant topics in psychometry such as testing issues with particular patient populations, case presentation, norms, insurance reimbursement, & ethics in the practice of psychometry
- opportunities to showcase talents and experience through NAP committees such as social media, marketing, conference planning, newsletter writing, board of directors, development of our journal & the manual of psychometric procedures
- access to learning environments assisting with becoming a Certified Specialist in Psychometry (CSP) through the Board of Certified Psychometrists (BCP)
- access to information regarding regulatory decisions, employment, & salary

## annual NAP conference

- NAP serves to support all psychometrists by offering continuing education through an annual conference. Psychometrists and neuropsychologists from a wide variety of settings and specialties in psychology present on pertinent topics. The diversity of topics and presenters provides a unique opportunity for psychometrists to further their knowledge and enhance their practice of psychometry.
- for conference information and registration please visit our website: [NAPnet.org](http://NAPnet.org)
